## RELAXING TEXTILES

Although a comfortable ambiance cannot cure illnesses, it is clear that it affects the psychological well-being of patients and promotes the healing process.

### **Object**

San Raffaele Hospital, Milano, Italy

### **Concept**

San Raffaele Hospital

### **STARTING POINT**

The San Raffaele Hospital is an international and highly specialized clinical-scientific-university structure for several major pathologies. The San Raffaele Hospital is also a teaching and training centre of the San Raffaele Vita-Salute University, home of the Faculty of Medicine and Surgery, Psychology, Degree programmes in health professions and, since 2010, of the International Degree in Medicine and Surgery International Medical Doctor Programme.

### **SOLUTION**

Several Création Baumann fabrics have been selected to decorate and offer technical and functional solutions in the furnishing of hospital rooms, laboratories, offices, university classrooms, etc. In the photographs the details of the original Faculty Club, a glass Bar where Création Baumann fabric SHADE was the aesthetic and functional response to the decorative needs and sun protection. In the Congress Room PHANTOM PLUS contribute to darken the environments and BETACOUSTIC ensure perfect acoustic comfort.
