### CONTEMPO PRODUCT INFORMATION:

**Type:** Semi Aniline  
**Source:** Italy  
**Average Hide Size:** 4.8m<sup>2</sup>  
**Thickness:** 0.9 - 1.1mm

CONTEMPO is a semi aniline leather, characterised by a rich texture and soft handle, with the natural grain and features of the hide clearly visible to the naked eye.

Exhibiting a very fine grain with matte finishes in all colours, the palette embodies the tones of contemporary fashion.

CONTEMPO is a luxurious product with an excellent handle, promising many years of lasting comfort and enjoyment. It is suitable for all interior applications and has particular appeal to the commercial market.

All colours are in stock in our Australian warehouse and available for immediate off-the-shelf delivery.

Custom colours are available on request.

### COMPANY ENVIRONMENTAL NOTES:

CONTEMPO is produced by an ISO 14001 certified company. This ISO Standard recognises organisations that are committed to environmental management and operate in an environmentally sustainable manner.

The tannery also carries the ISO 9001 Quality Certification, which recognises its quality and management systems. Their commitment to environmentally responsible production has led to partnership programs with many of Europe's leading green companies in the fields of automotive, aircraft, marine, garment, footwear and upholstery leather production.

CONTEMPO is produced using only water-based dyes.

The tannery utilises some of the most advanced waste management techniques in the industry, with all tannery wastage (liquid, gas and solid) treated to European Standards on-site and again at a shared off-site facility.

Detailed product and tannery environmental notes are available on request.
