PRODUCT DESCRIPTION

Mint is a transparent hanging textile with a renewed palette of fifty colourways. Its light weave construction creates a soft drape and allows generous daylight to pass through, while subtle interactions between warp and weft add depth and variation to the surface. Designed to work both on its own and in combination with other textiles, the updated palette offers increased flexibility for a wide range of interiors. Mint is suited to environments where daylight, screening and spatial atmosphere need to work in balance. A versatile textile with a light expression and enduring appeal.
